THE PRONUNCIAMENTO.

A precise of the recent pay all prouncement on history has seen the light of dry. The present Pontifi is a man of more than o'ds any power, a deep investigator, and given to learning and research, he sees that no clurch can stand that does not appeal to the reas using and intelligence of man, and is as fond o' pronouncements as were at me of it is precessors of degranic theories. Single minded and otterwing his efforts thus far recent bout on harmonising the clurch with photosphy and

making his effects thus far rean bent on harmonising the church with photosphy and haron, or if you hise, team mising historian philosophy with the church. In his recent produce mento the Pope takes he stand boaldy on history, he myokes as the Church's justification shoresy he myokes as the Church's justification shoresy he myokes as the Church's justification shoresy he may of our redeas, turnets my he from the sum of the street referred to facey seem new to many of our redeas, turnetting can be taken. To the it has the record has a two-feld meaning; one, earthing the church shoresy the other, spiritual power. To us and to the world beyond leady, the church is important mainly in its sachtful aspice, of the cumpary of

The Stratf vi Beaton says that should blood be shed at Rat Portage mea like Mr.

Junes Beaty will be ready for the emergence No doll's, a regiment of men over 91 years of says would and a vast amount of blood in the winds of the disputed territory.

The Gibbs says:—"Whether a condidation below to say it will be ready for the emergence of the says it will be ready for the emergence of the winds of the disputed territory.

The Gibbs says:—"Whether a condidation below to say it will be ready to the mean in one significant of the says it will be ready to the says it will be ready to the ready of the ready for the ready of the able Reformers allowing an election to go default they had any hopes of carrying.

It appears that the more the election lawate tinkered with the more necessity appear-tor r. m. cia. legislation. Mr. Farquier, un-seated and disquidified in Muskaka, felt. that seated at d disquidified in Muskaka, left that justice would not be done in mostly anything short of an appear from the occision of the first court, and at once he said down to occur up the costs of such a sep. In a short time he found it would cost him \$10,000 and a year and a haffs deay. The was so encouraging that he at one abundance the idea of attempting to set in the House for the next eight years.

A BY-LAW published in our weekly years, the same possible that the s

it to be. Our town taxation at present is comp ratively I ght and our debenure Habili ies small for the growth of the piace, so there is rothing to hinder the city from sendering this salway scheme the assistant-demanded that at the same time it be me the duty of our City Council to see that no debenture mortgage is placed upon our resources until we are certain to receive the proper quivalent. quivalent.

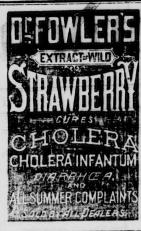

CORRESPONDENCE.

THE STA'S DELUSION.

Sir, - Will you kindly allow me space in your valuable paper to criticise an artice which appeared in a reent number of the A stard bouldy on hatery, he invokes as the Church's justification surespin in effect the abeauty by in fucts. The spiral to lead to the word has a two-fed meaning jone, earthing can be taken. To too it hand to the word beyond halp, the church is important mainty in its solution superior is in place to the said to the world beyond halp, the church is important mainty in its solution superior is 10 too the thurch's words and deeds just y her spiral designs? I make the man for the work had he not been cribbed, earlied to explain the chiefest of the configured do unents among the archives of the Vatican and denied the with what difference from the virial solution. He derived to which are manly in our own possession, naturally involves what our fromes the lawyers call discovers, that is fall dischements from the principles. He obtained, under the present direction we shall no doubt a make the road as of the Sun and the color to the control of the control o Brandon Sub, in connection with the visit . !
